

# Need an accessible route to the Keynote?

**Step 1.** Exit the Liberal Arts Building from the 3rd floor exit, and follow the curving ramp to the right. It will take you on a brick path past the Lecture Hall and you will arrive at Smith Hall (pictured, right), which seems to have no accessible entrance! Never fear! Just take a right turn and follow the building to its corner.

**Step 2.** Turn left at the corner of the building, and you'll see this ramp (pictured, left) straight ahead. Proceed up the ramp, and turn left around the corner of the building. Enter the building via this accessible entrance (pictured, right).

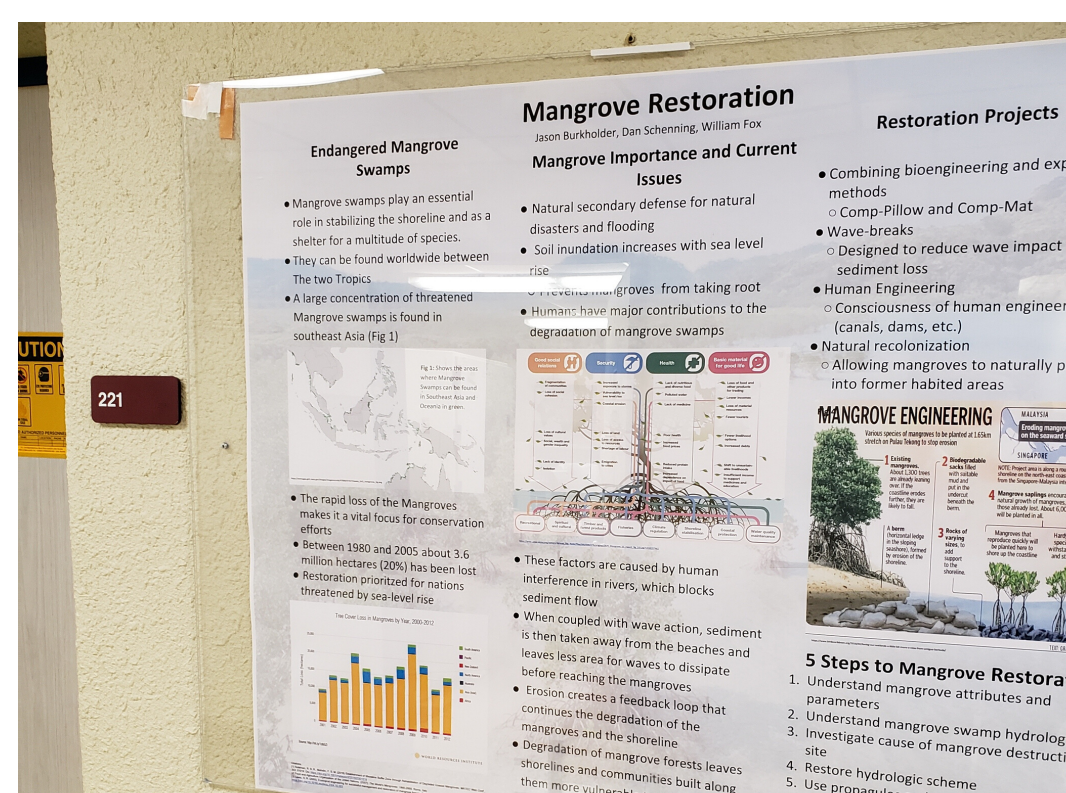

**Step 3.** Proceed ahead past the Electron Microscopy Suite, and look for the elevator on your right. You'll take the elevator to the 2nd floor.

**Step 4.** Exit the elevator at the second floor, and turn left. When you see the "Women in Science" display (pictured, right), you'll make a left turn and proceed ahead to the ramp (pictured, below).

**Step 5.** This is where things get weird, so bare with me. You're looking for a door that has no room number and is labeled as a closet. It will have a MAWCA sign on it, and it is located on the left side of the hallway across from a poster on Mangrove Restoration (pictured, below) and room 221. You'll enter that door.

**Step 6.** You are almost done! You'll go inside the door, which enters into a corridor, and you have to turn to your right, where you'll see this door, straight ahead. It will also be labeled with a MAWCA sign on the day of the event. This is the accessible entrance to the auditorium where the keynote will take place!

Check out the back side of this flyer for directions back to the Liberal Arts Building.

# Directions from Smith Hall to Liberal Arts Building

**Step 1.** Backtrack your way to the 2nd floor elevator, and take it down to level 1. Turn left out of the elevator, and the accessible exit will be straight ahead of you. When you exit the building, it may look like you've stumbled into a forest (pictured above, far left), but fear not! Just turn to your right (pictured above, center), and proceed to the ramp. At the end of the ramp (pictured above, far right), you'll take the path straight ahead that follows the edge of the building, then make another right turn.

**Step 2.** When you come again to the front of Smith Hall (pictured, left), you'll turn to your left, and you'll see the cleverly named Lecture Hall (above). Continue past Lecture Hall and Freedom Square, and you will soon see the Liberal Arts Building ahead of you (pictured, right).

**Step 4.** Follow the path that curves to your right, and enter the Liberal Arts Building at the door pictured on the left.

**Step 5.** Proceed straight ahead to the end of the hall, and make a left, and you will see the elevators (pictured, right). Take the elevators to the 4th floor, where the rest of the Saturday events will take place!
